# Register Neukölln

Since November 2021, the Centrum for Intersectional Diversity from Yekmal e.V. carries the management of the register office in Neukölln. Register Neukölln documents racist, anti-semitic, anti-LGBTI\*Q, anti-ziganistic, right-wing extremist and other discriminatory incidents that occur in the Berlin district of Neukölln.

These incidents can be reported by citizens to various contact points distributed throughout the district and forwarded to the register coordination offices of the registers. They are collected, evaluated and published.

However, the aim of the Neukölln Register is not only to documentation and analysis of structural or everyday discriminatory incidents in the district, but also to raise awareness in our society for the massiveness of discrimination experienced by certain groups.

The observed or self-experienced incidents of discrimination can be reported to us during counselling, through an online form on our website or by submitting a written form to us or to various contact points in Neukölln.

Our counselling is currently still focused on the initial interview and onward referral. Counselling takes place two days a week and can be offered in one of the five languages on request.

## We advise in one of the following languages on request:

German, Kurdish, Arabic, Turkish and English
